**DETAILED ACTION**

**Continued Examination Under 37 CFR 1.114**

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on April 22, 2004 has been entered.

The Sequence Listing and the computer readable form thereof filed May 14, 2004 have been entered. Said Sequence Listing contains two additional sequence of the nucleotide (SEQ ID NO:7) and amino acid sequence (SEQ ID NO:8) of wild type HEIKE firefly (*Luciola lateralis*).

The amendment filed April 22, 2004 amending specification to correct typographical error, canceling claims 34-52 and adding claims 53-73 has been entered.

Claims 53-73 are pending.

***Response to Amendment***

Claims 53-73 recite the limitation "retains more than 85% of its luciferase activity in the presence of 0.1% benzalkonium chloride". Support for this limitation can be found, for example, on page 5 where the specification reads: "(3) The luciferase of the present invention has the remaining activity of more than 85% in the presence[t] of 0.4%

surfactant". It is clear from the specification that "0.4%" refers to the stock solution whereas the concentration under which the luciferase activity is measured is 0.1% (page 2, 1<sup>st</sup> paragraph as compared with page 19, and page 14, for example).

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

#### **IN THE CLAIMS:**

In claims 53 and 58, line 6,

delete "polypeptide or said polypeptide".

In claims 71-73, line 1,

replace "expressing" with --producing--.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Thomas Cunningham on July 21, 2004.
